Dear Fiona -

Enclosed are the keys to your Paris apartment. It is very comfortable + nicely situated too. Thanks for your suggestions about places to go, too. We had a very enjoyable time.

One minor thing you might like to edit when you next go - your book talks about a 9 or 10 hour time difference + Australia, but we found it was only 8 when we were there. I was not sure whether we were on daylight saving there or what. People there would soon find out, but it might help you at home trying to contact Rado.

Many thanks for your thoughtful setting up etc. We met the Falconers on their arrival - I guess they have just moved on.

Best wishes
Mum + Barbara
